

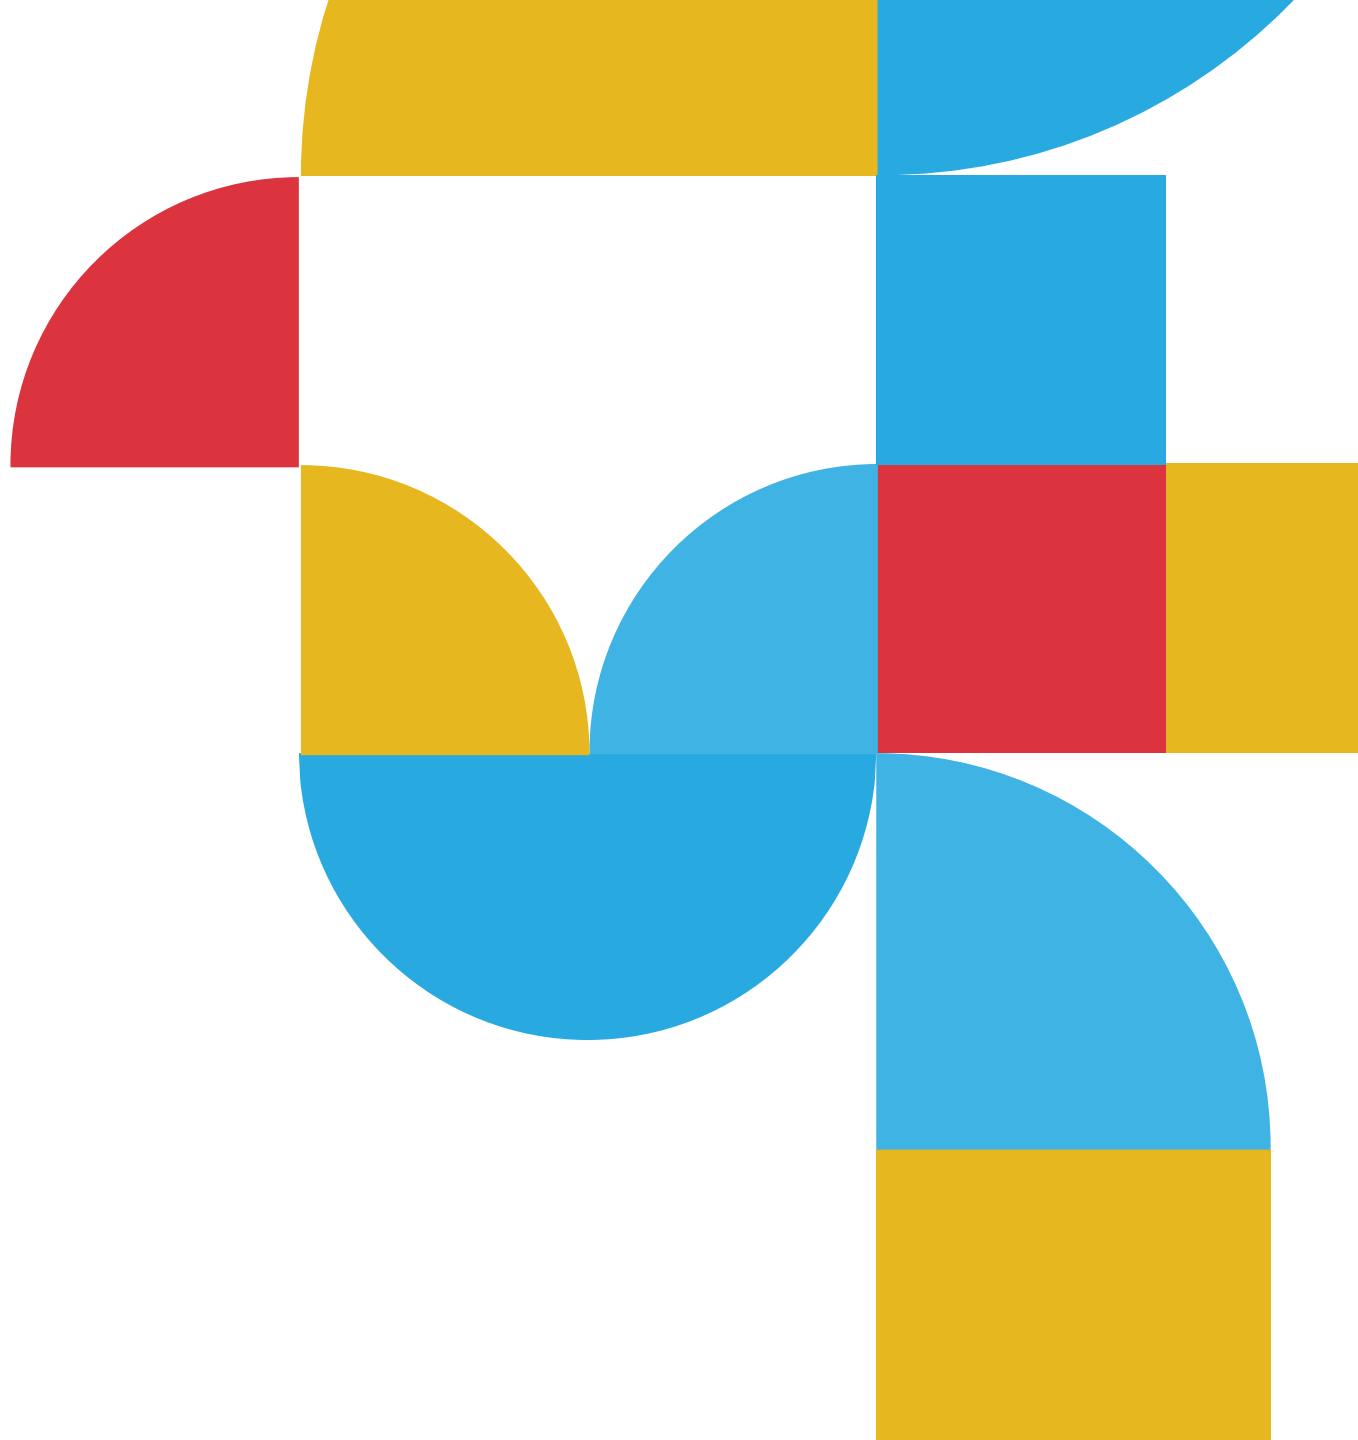

GRAPHIC
DESIGN

Lesson Objectives

- Introduce the golden ratio ◆
- Explore the rule of the thirds ◆
- Understand the 10 principles of good design ◆
- Demonstrate how to create a movie poster ◆

Lesson Challenge Feedback

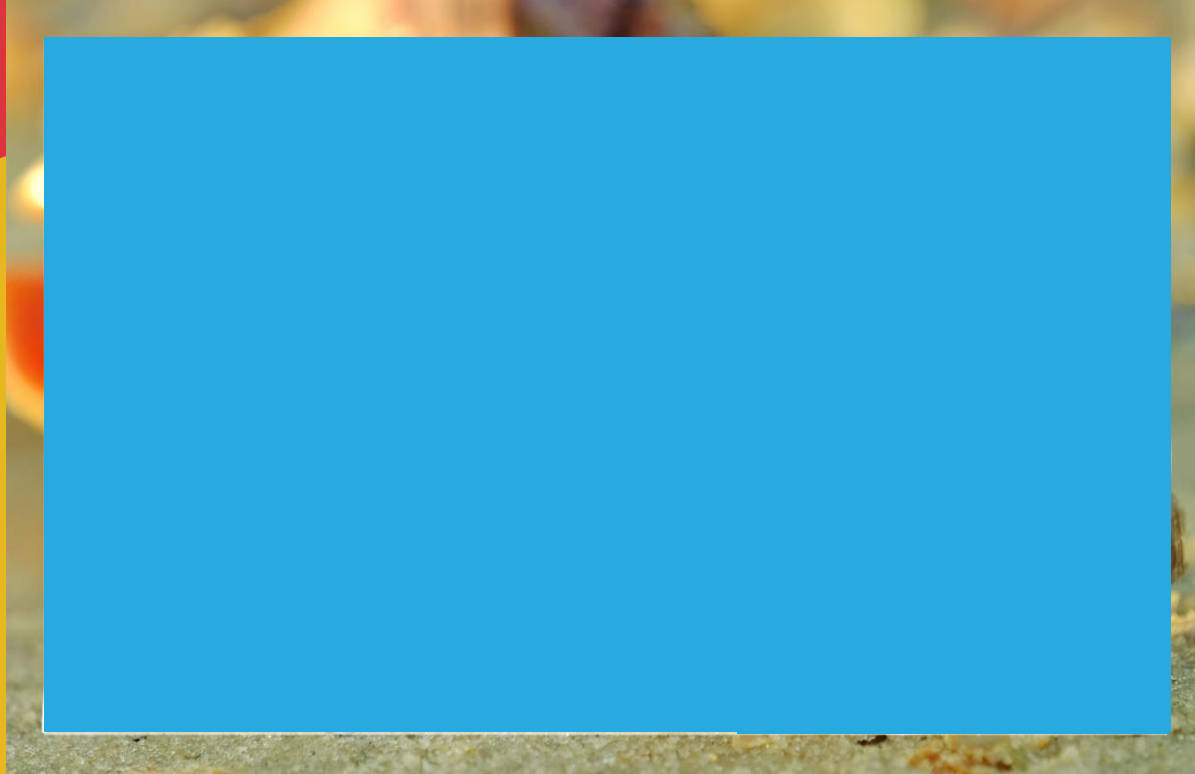

- Create your own Photoshop composite creating a double exposure effect

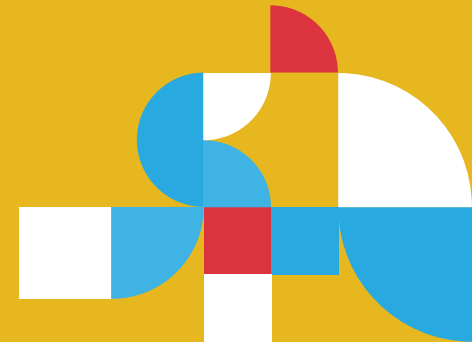

The Golden Ratio

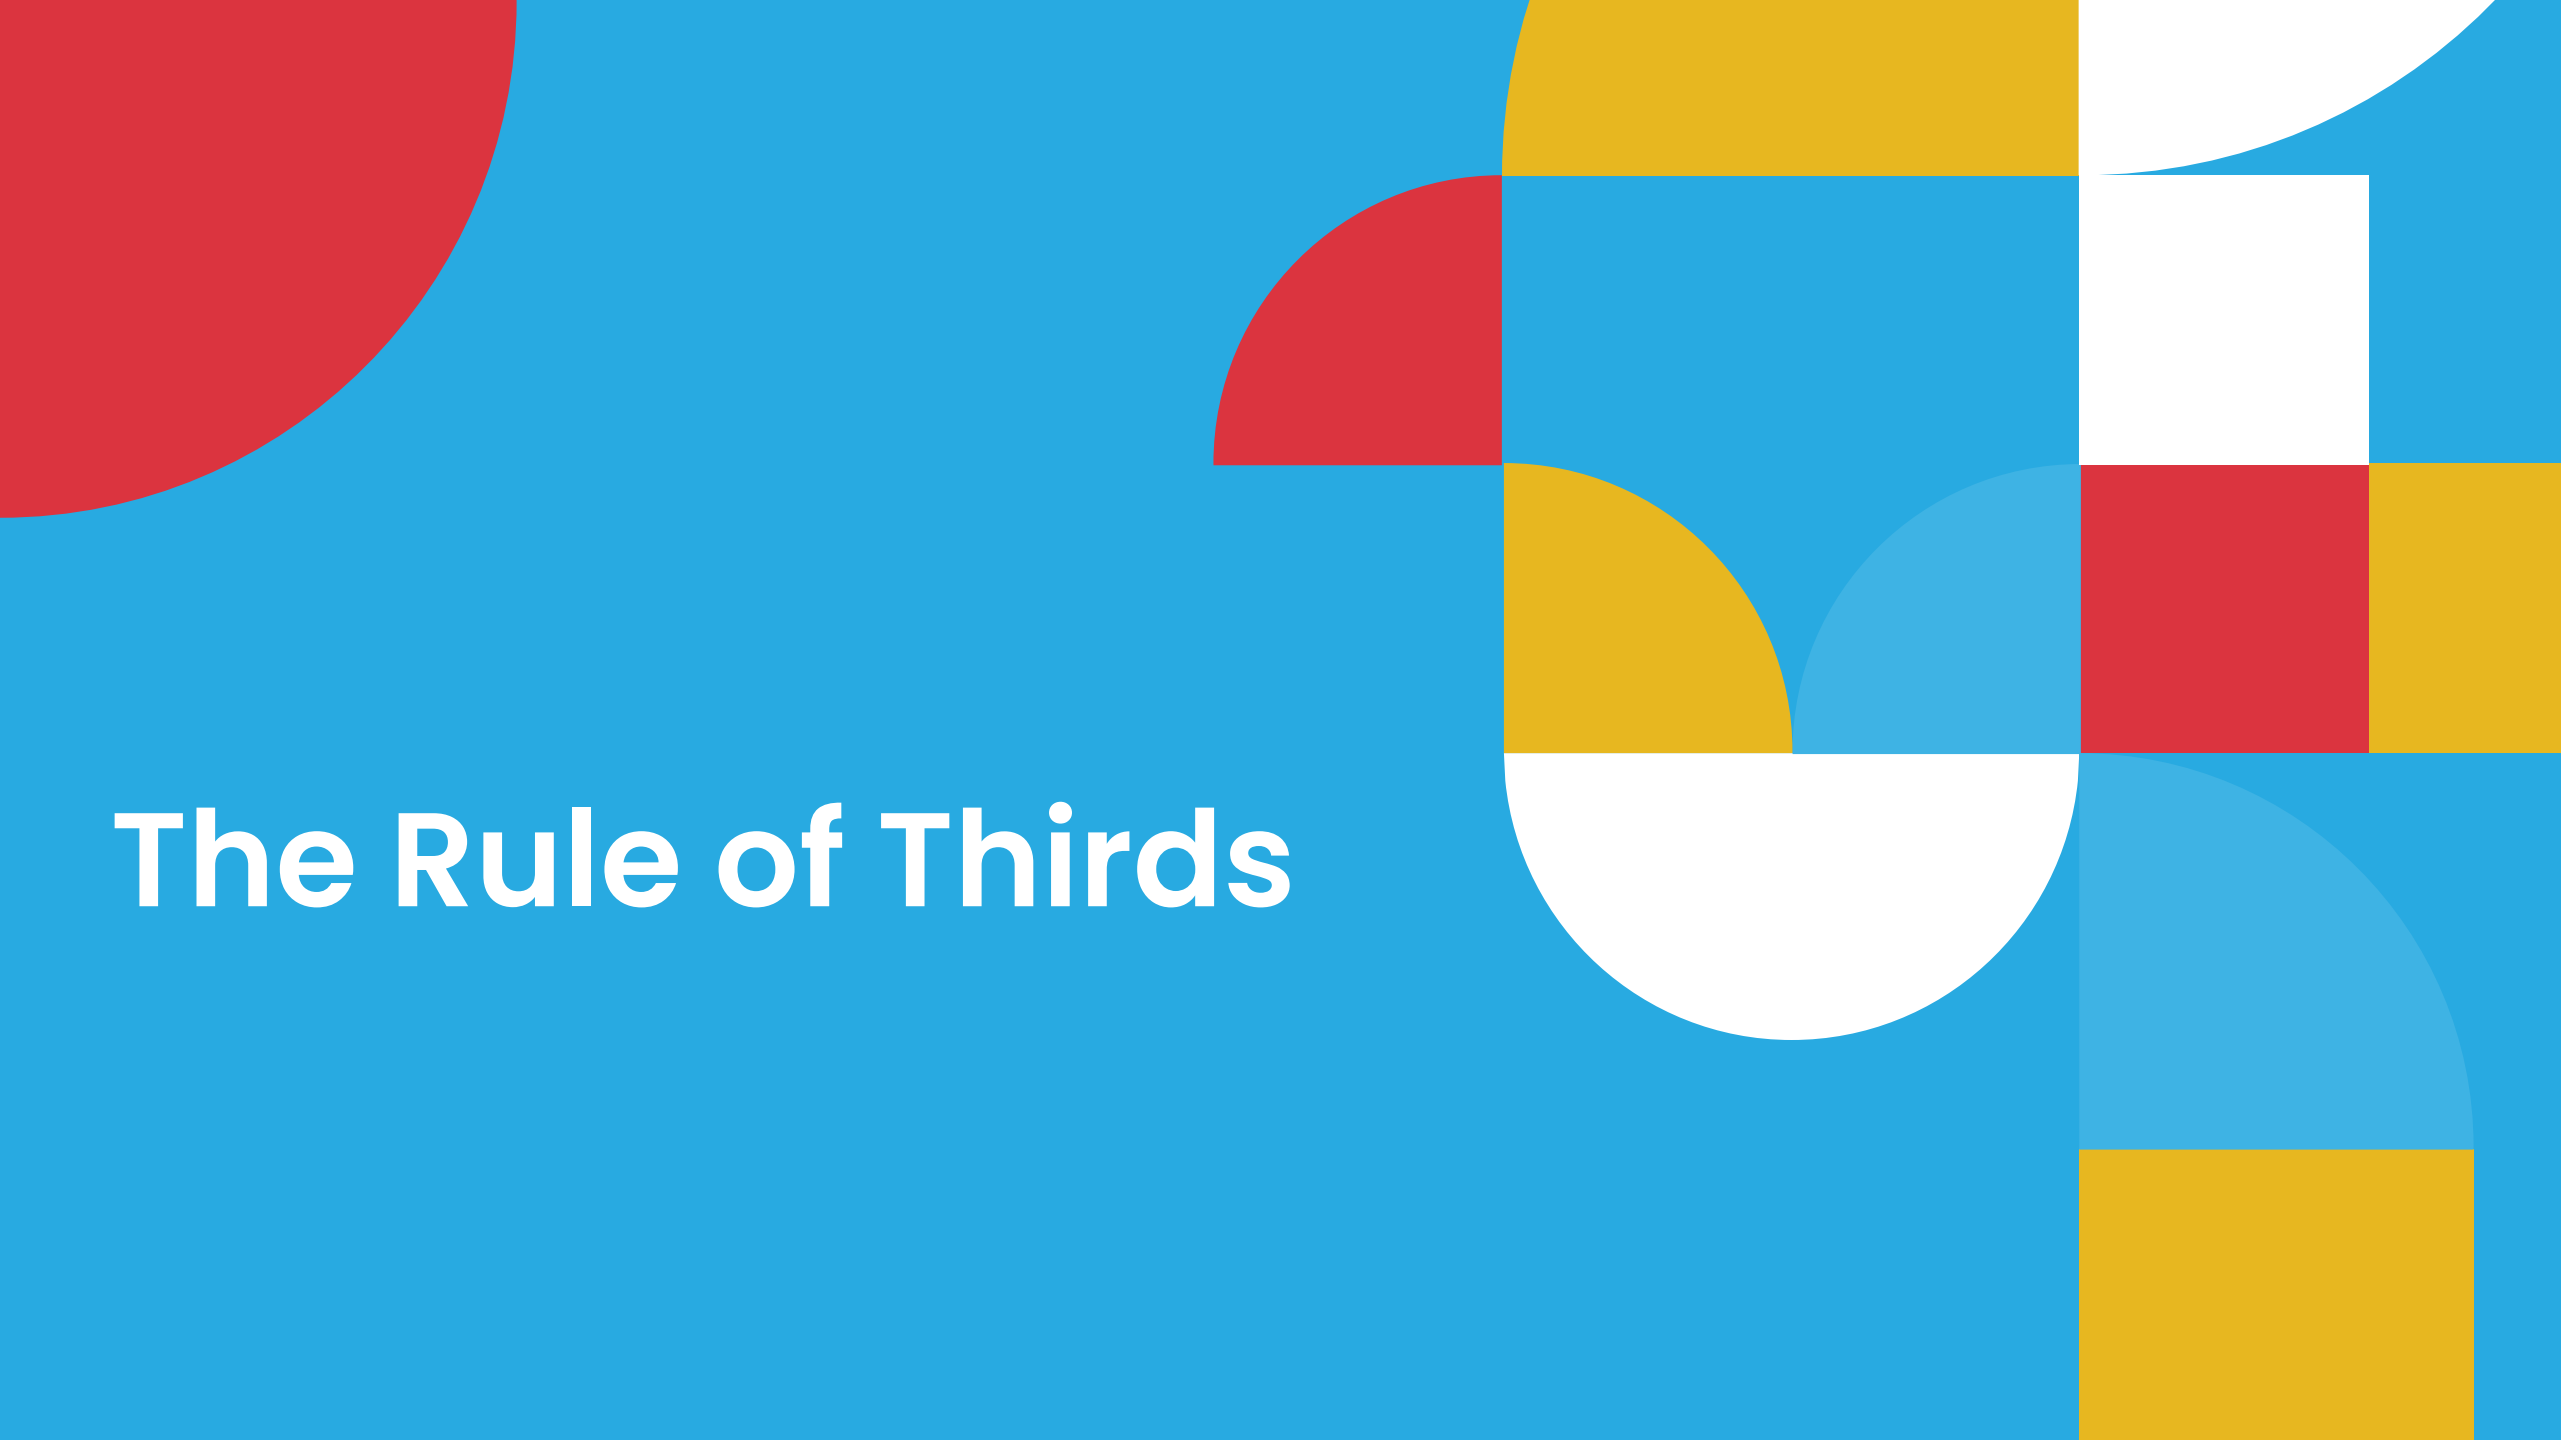

The Golden Ratio

- Also known as the golden section, golden mean or divine proportion
- Irrational math equation of 1,618 that never ends
- Phi links to the Fibonacci sequence
- Creates an unintentional aesthetically pleasing design

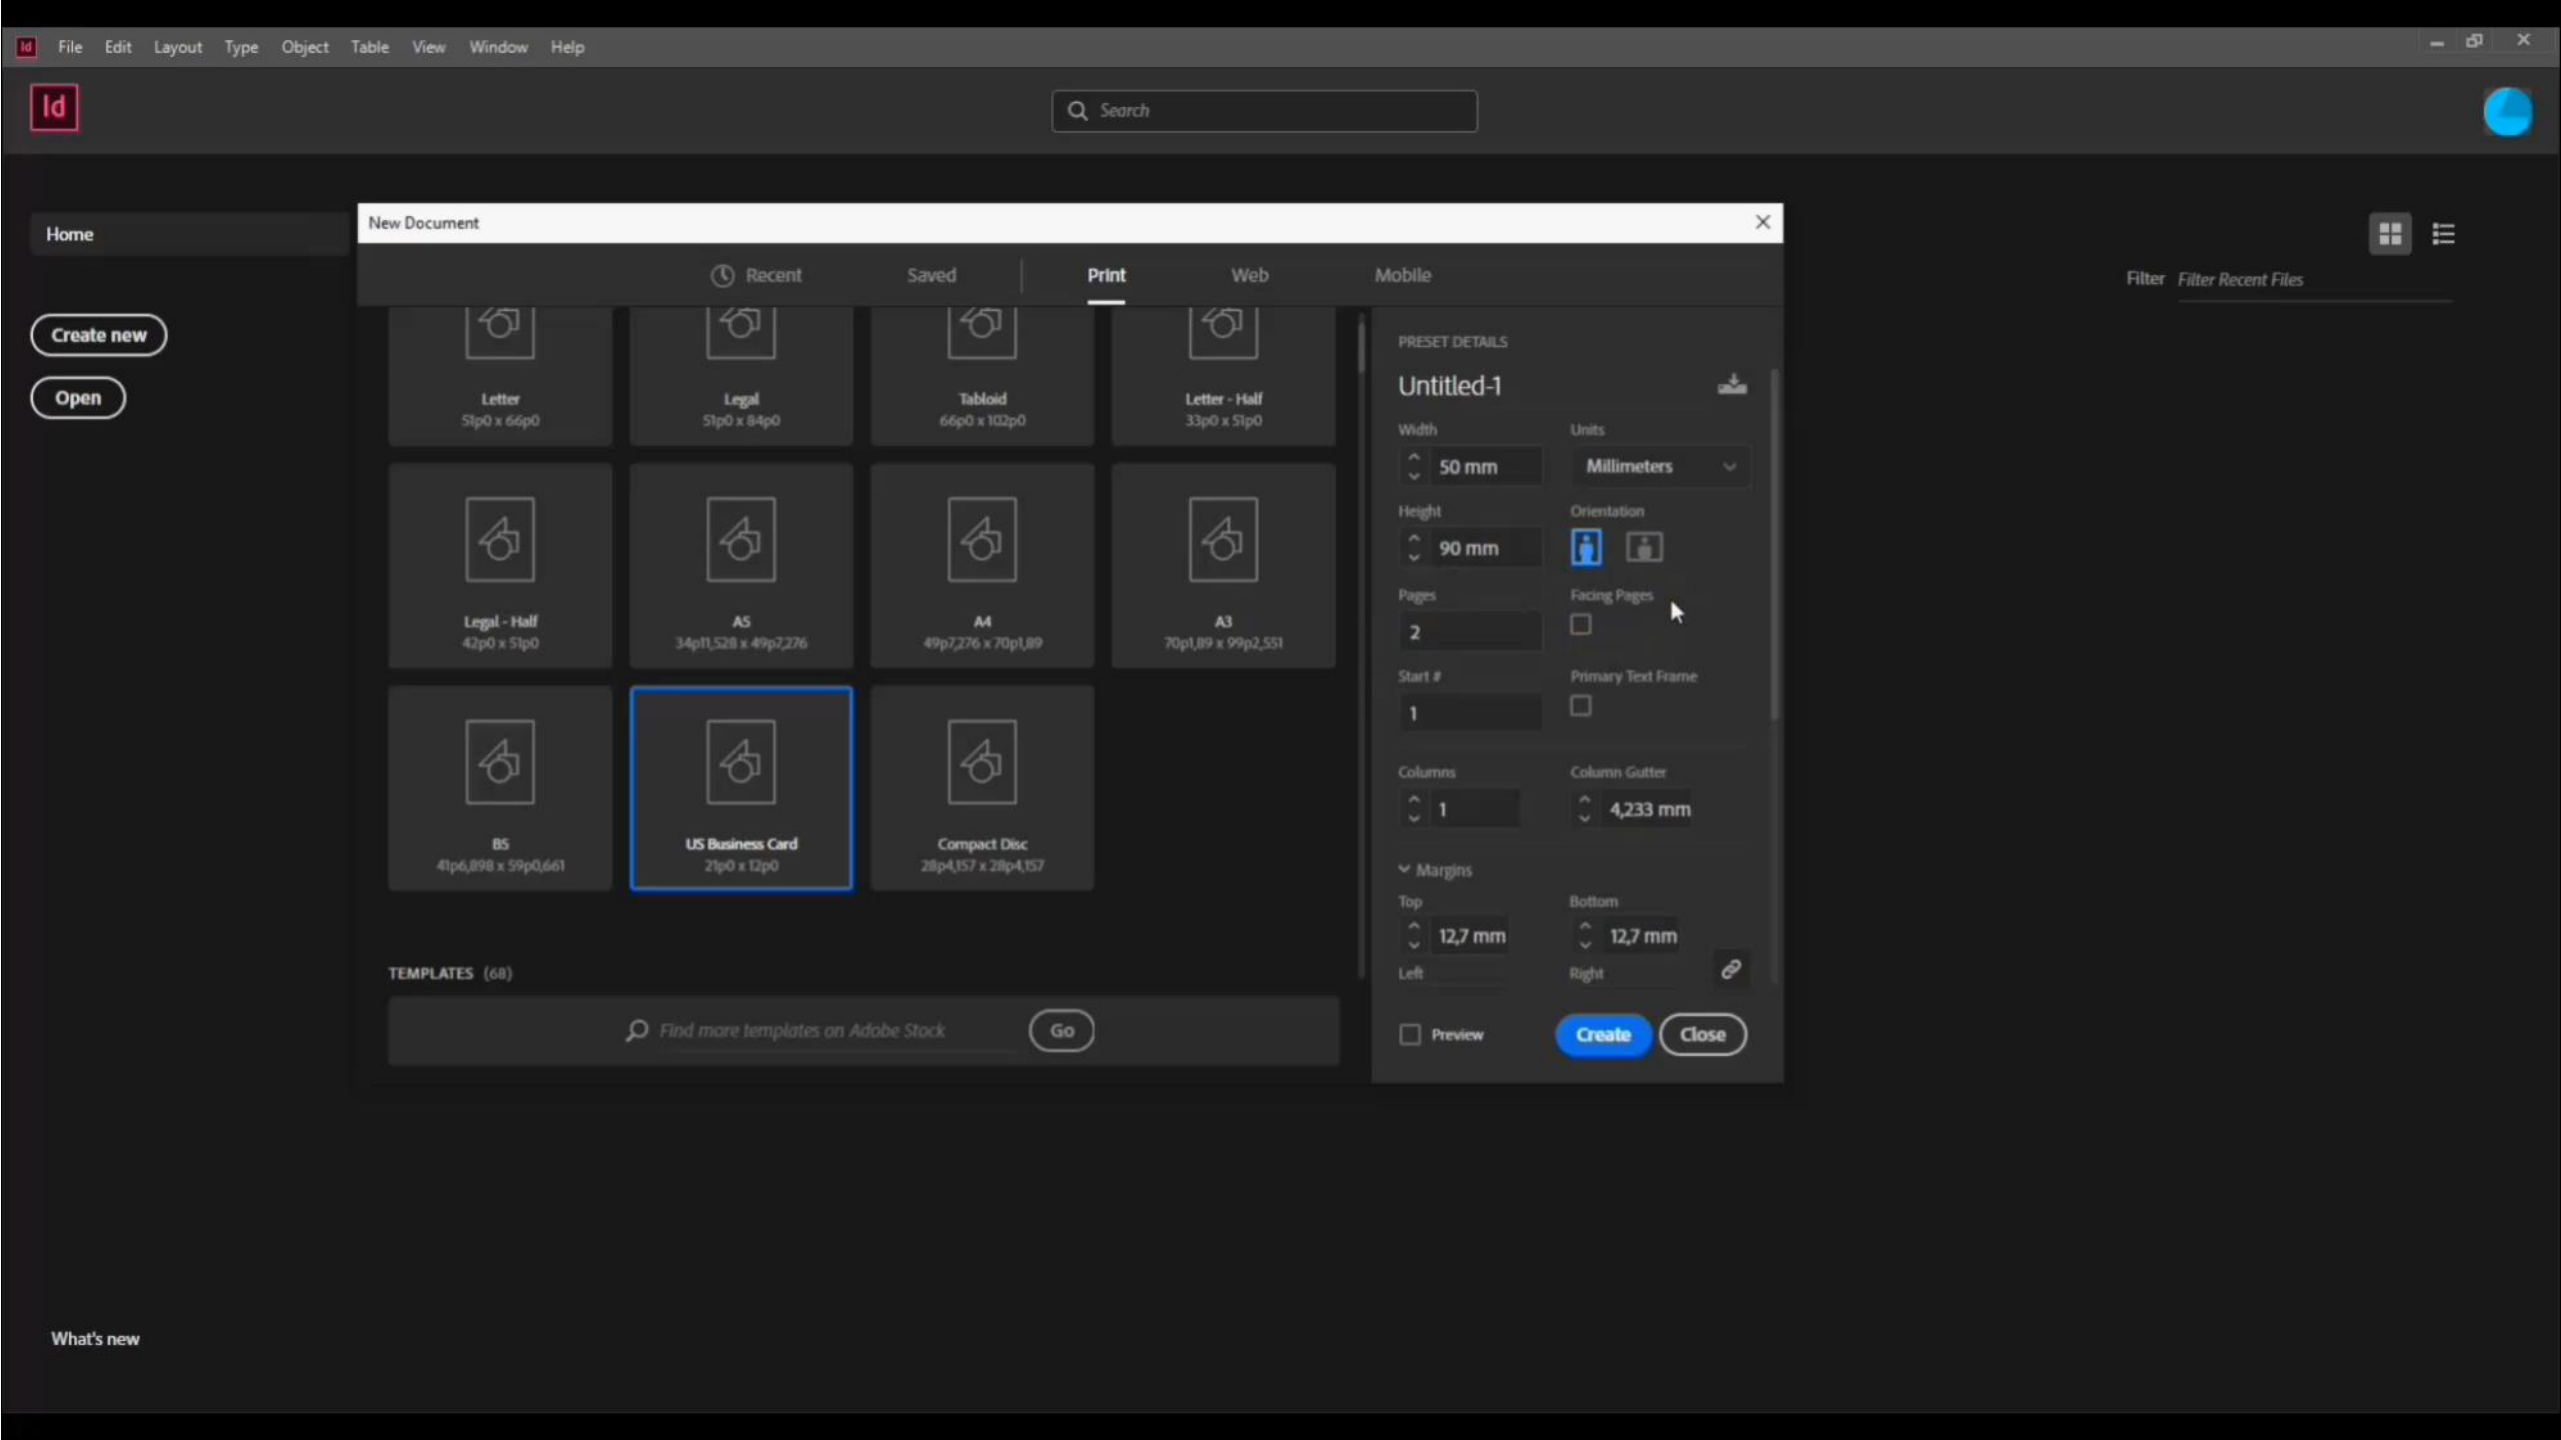

The Rule of Thirds

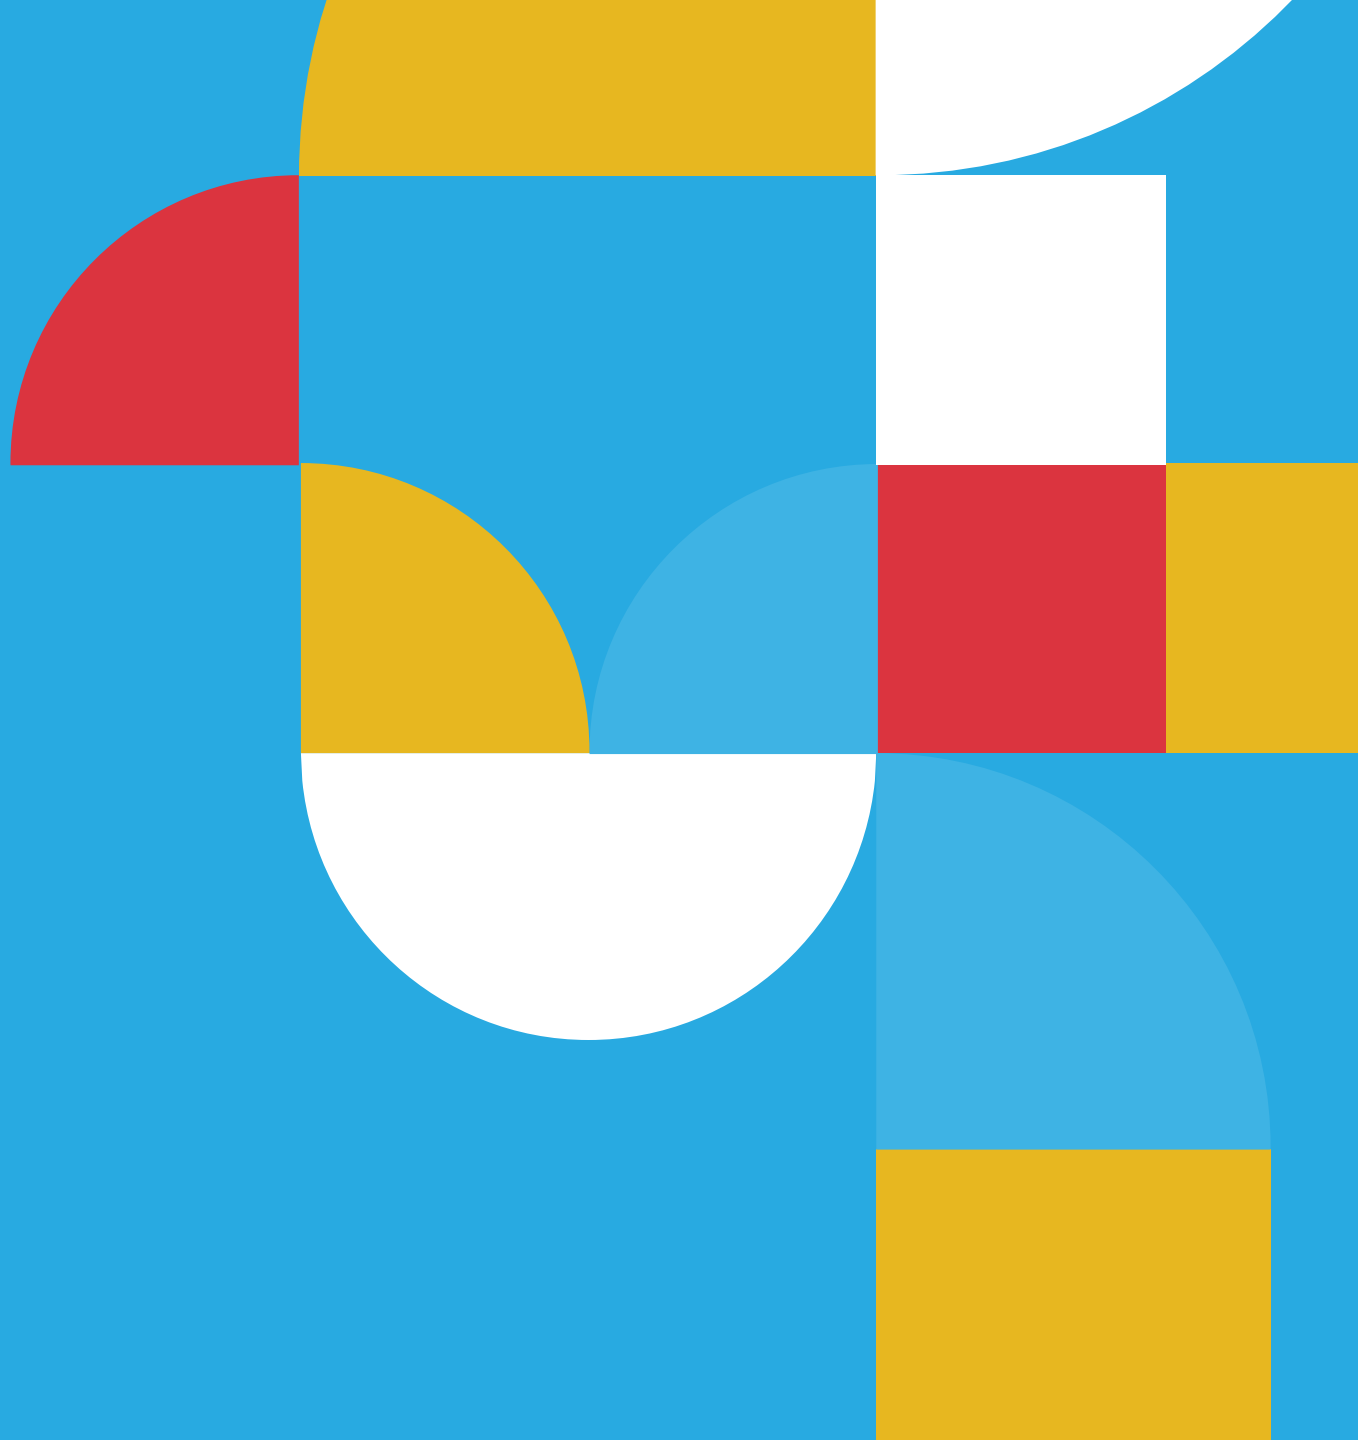

Rule of Thirds

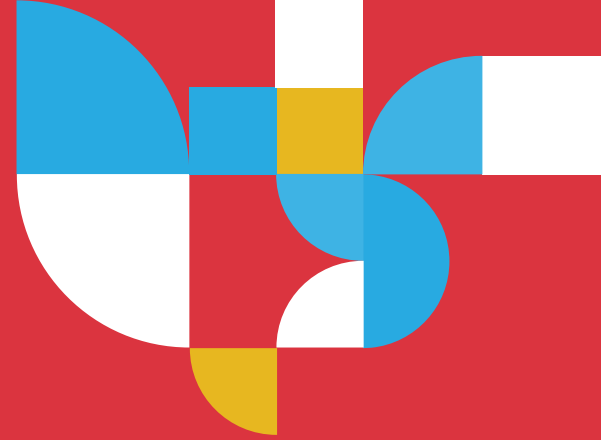

- Still confused by the golden ratio?
- Learn to apply the rule of thirds
- Creates a story by showing background detail

Challenge

- Create your own Photoshop movie poster using any of the following themes:
- Sci-fi, horror, fantasy or action

The background features abstract geometric shapes in red, yellow, and blue. In the top left, a large red semi-circle is partially visible. To its right, a yellow semi-circle and a blue semi-circle are positioned. Further right, a red semi-circle and a yellow semi-circle are visible. In the bottom right, a large blue semi-circle and a yellow semi-circle are positioned. The text is located in the bottom left area.
