Mood Board Creation

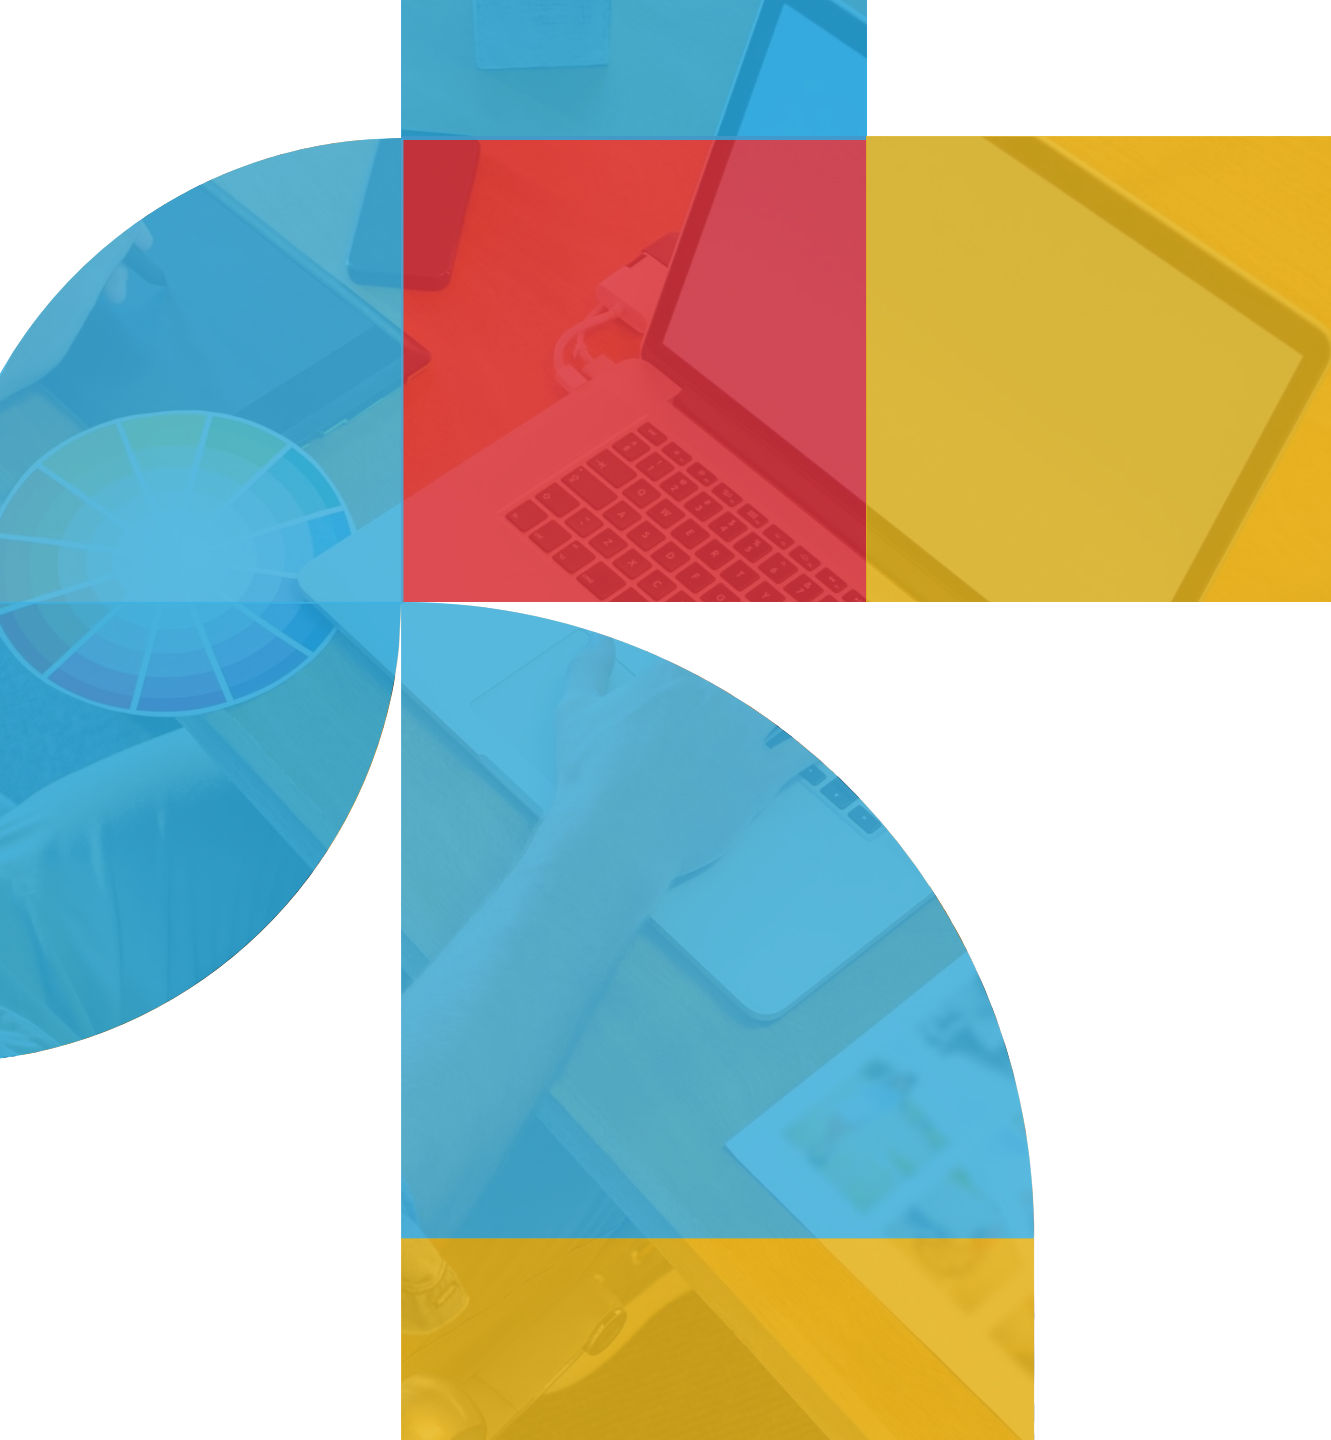

Need Some Inspiration?

Creating a colour scheme from nothing can be tricky

- Take a picture of colours you find amazing
- Use nature as inspiration as nature barely gets it wrong
- Sample the colours in your chosen program/app

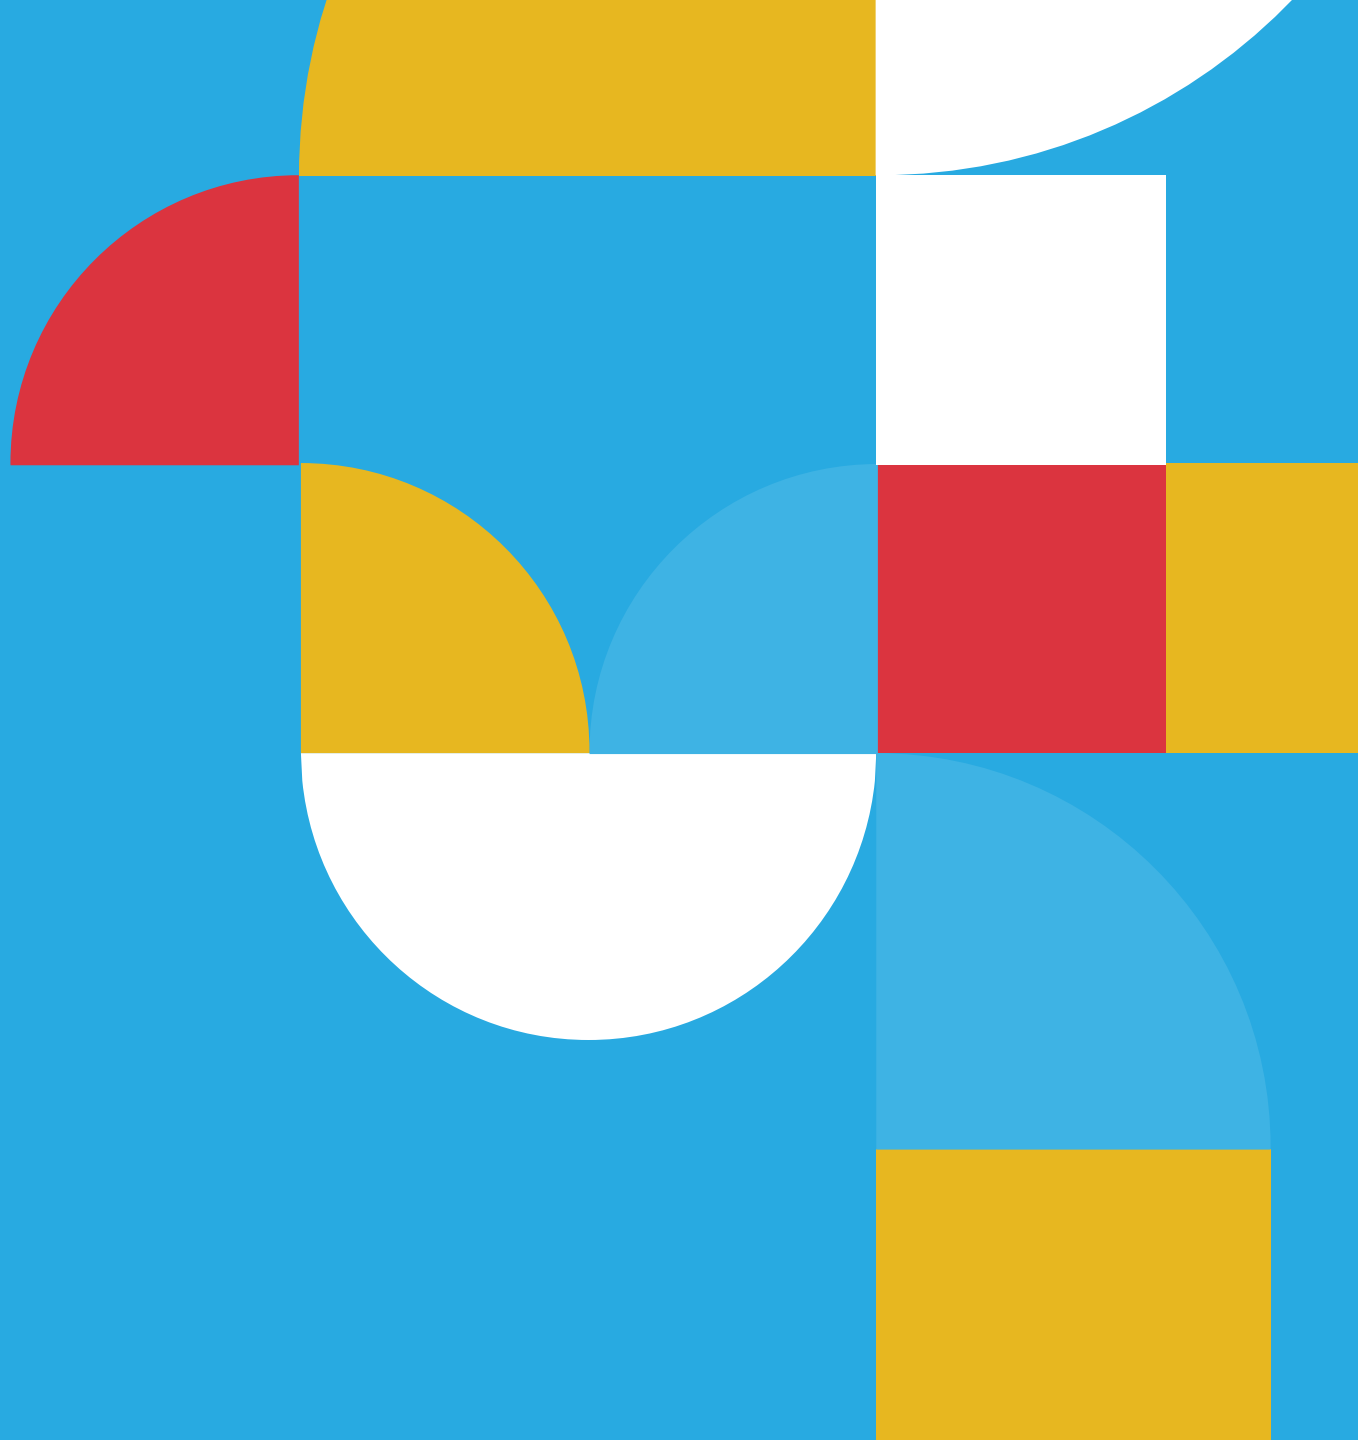

Lesson Objectives

- Define mood boards ◆
- Discover the importance of mood boards ◆
- Explore colour schemes ◆
- Create own mood board ◆

Mood Boards

What is a mood board?

- Visual representation establishing a design flow
- Combines possible colours, images, fonts & textures
- Communicate your design visually to your client
- Can be any size or shape
- Used for any creative project, not just graphic design

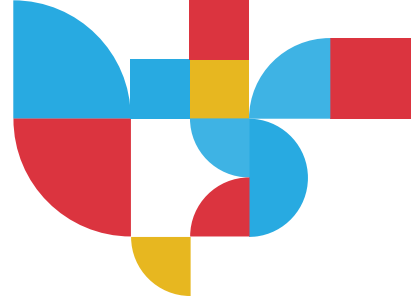

The design cycle

Importance of mood boards

- Determines whether you & your client are on the same page
- Brings ideas together
- Powerful collaboration tool
- Provides clarity and a story to tell
- Presents your work professionally
- Creates momentum and direction

Steps to Create a Mood Board

Pick your size & shape

Choose a theme

Personalise with images, fonts, colours & textures

Challenge

Create a mood board in either:

- Illustrator
- Photoshop
- InDesign

The background features abstract geometric shapes in red, yellow, and blue. A large red semi-circle is in the top left. A cluster of yellow and blue shapes, including squares and semi-circles, is in the top right. The text is positioned in the bottom left.
