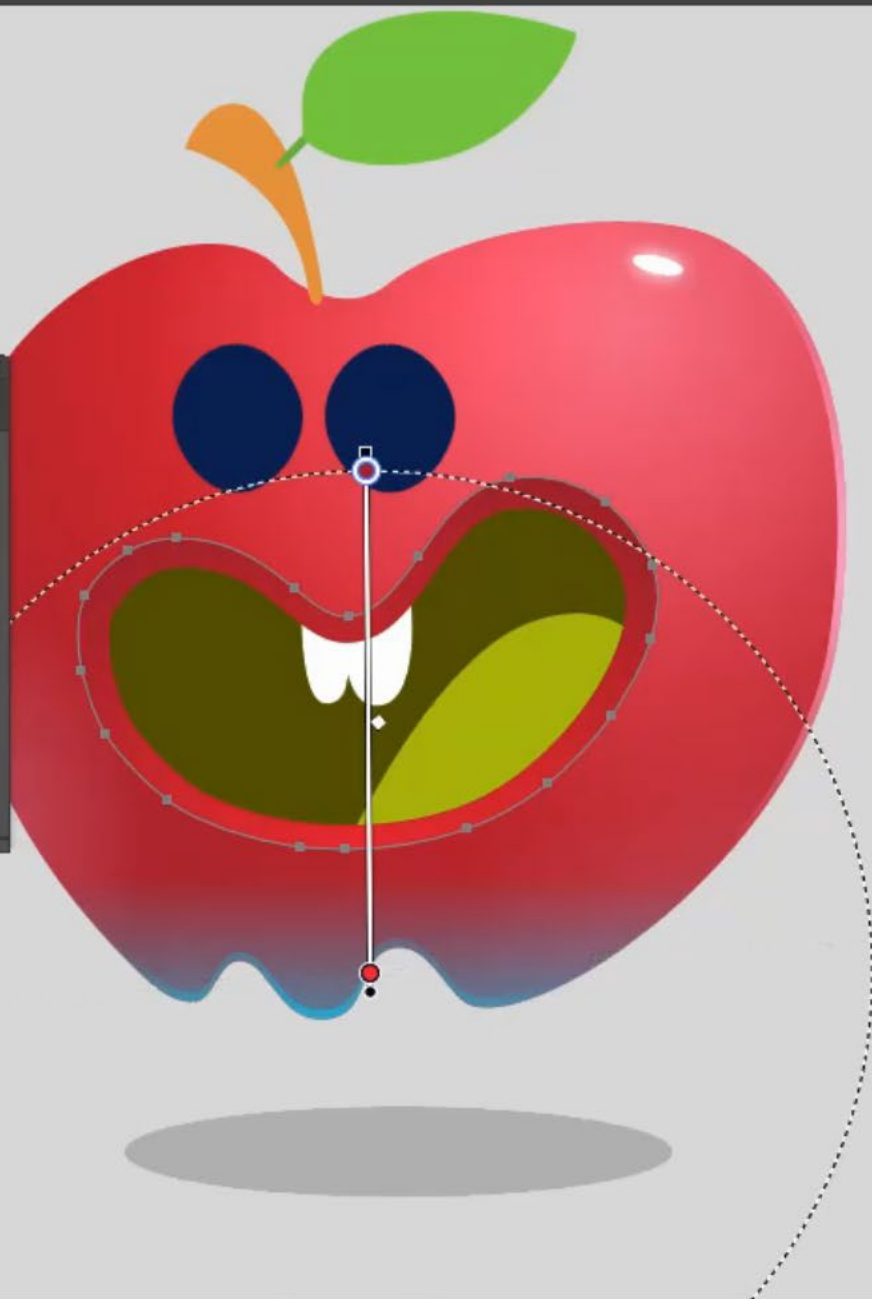

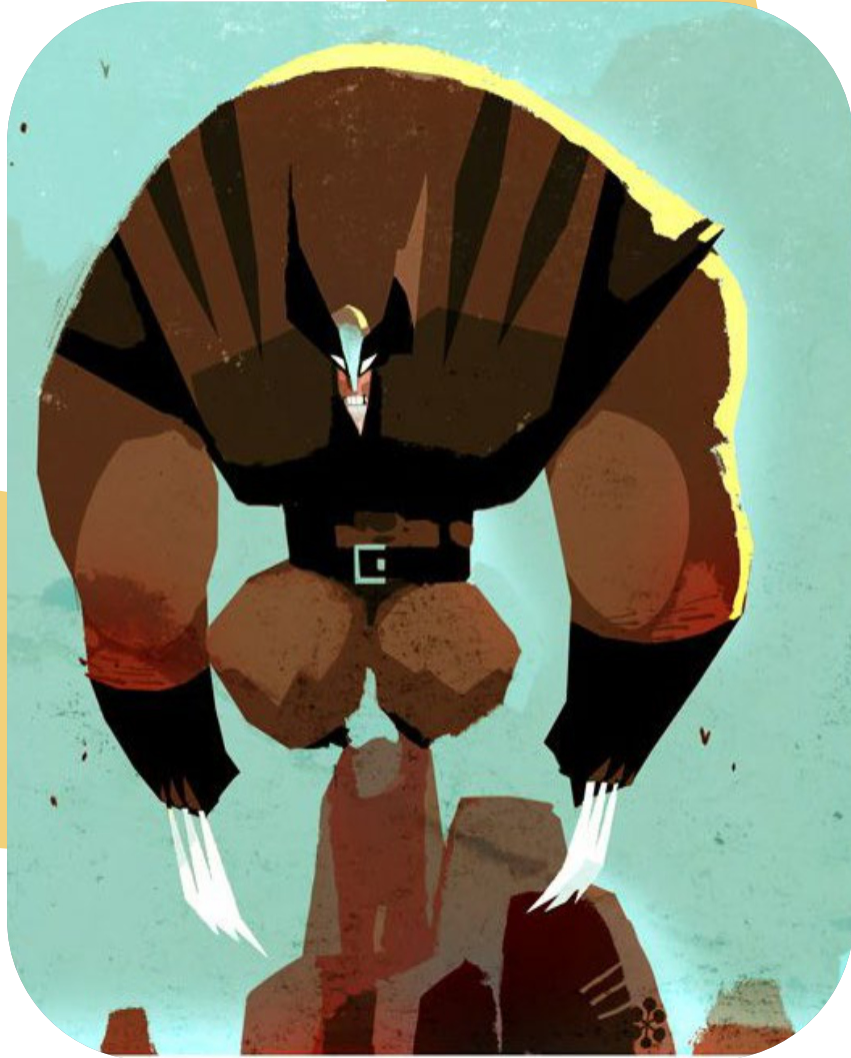

Illustration tips

Form or Shape

Use an interesting shape for your character

Would only the silhouette of your character stand out?

Don't fill your canvas, work with your canvas

Keep your background simple

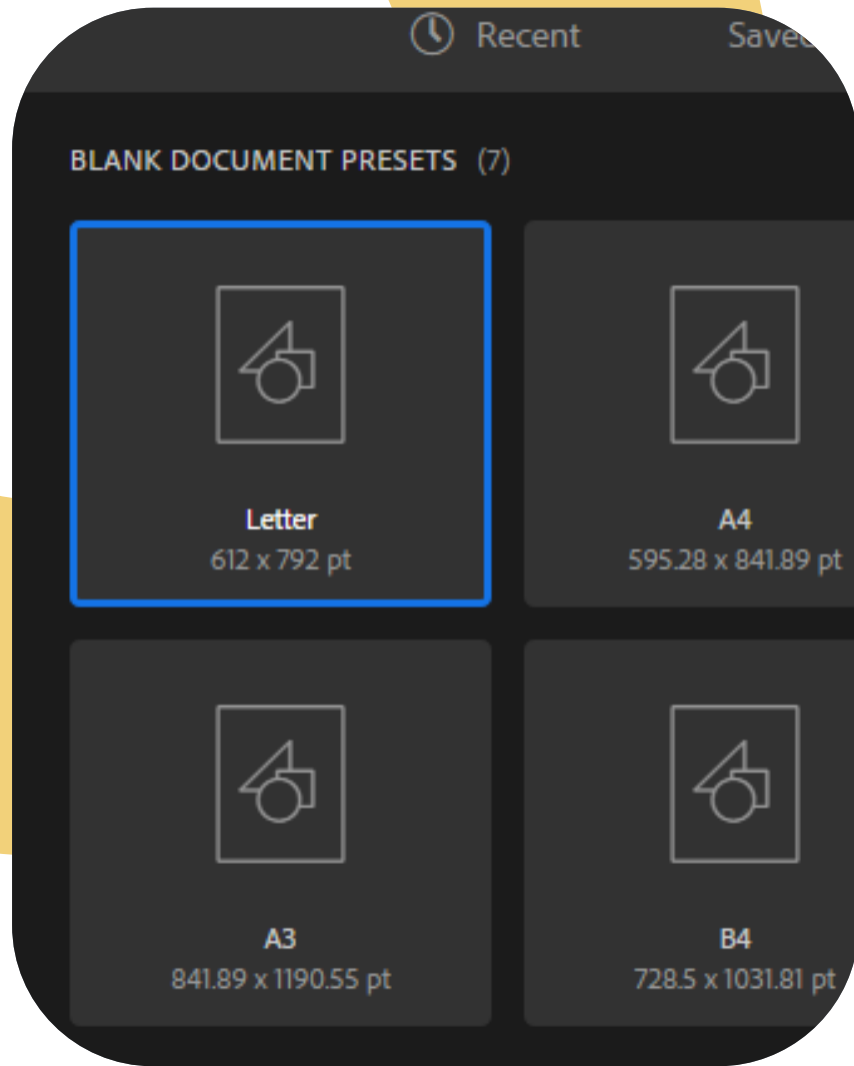

A detailed character on a simple
canvas stands out

Limit your colours

Use two to four base colours

Complementary colours work well

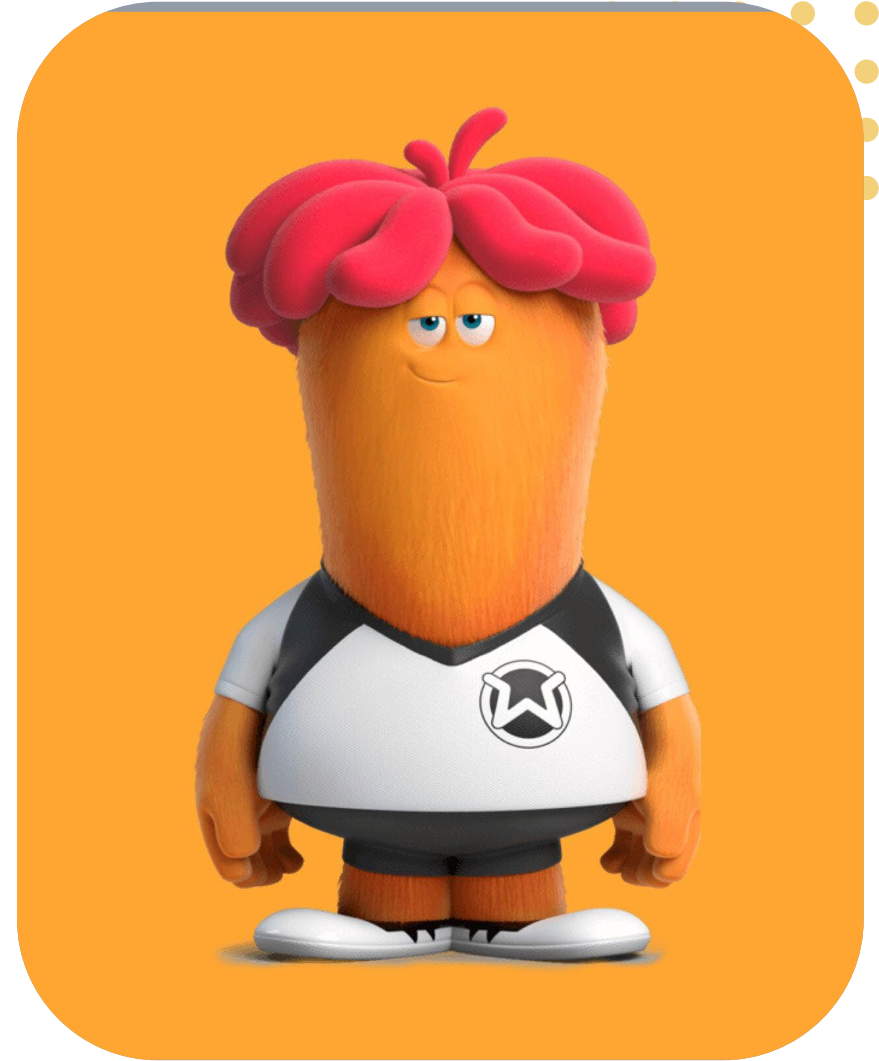

Work to scale

Have the correct artwork size when starting out to speed up the workflow and for better accuracy

Be original

Use inspiration but make it your own
