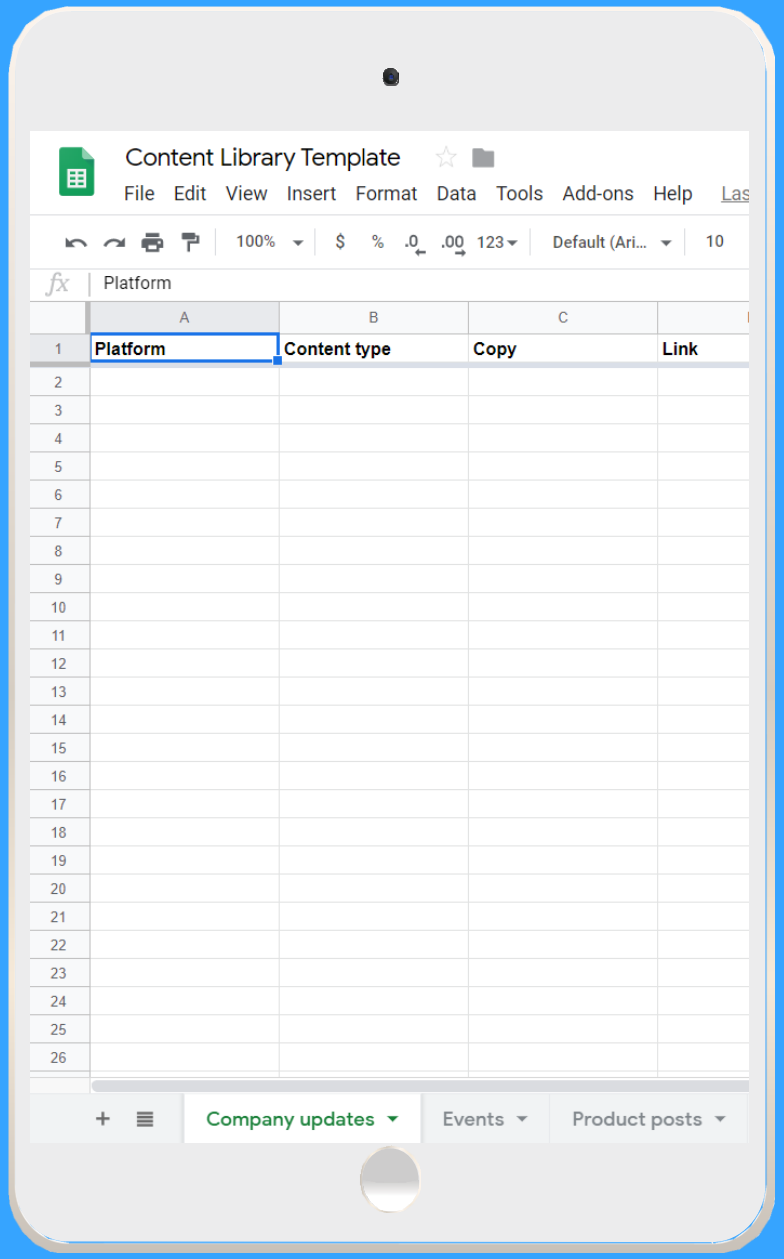
Content library

Competitors

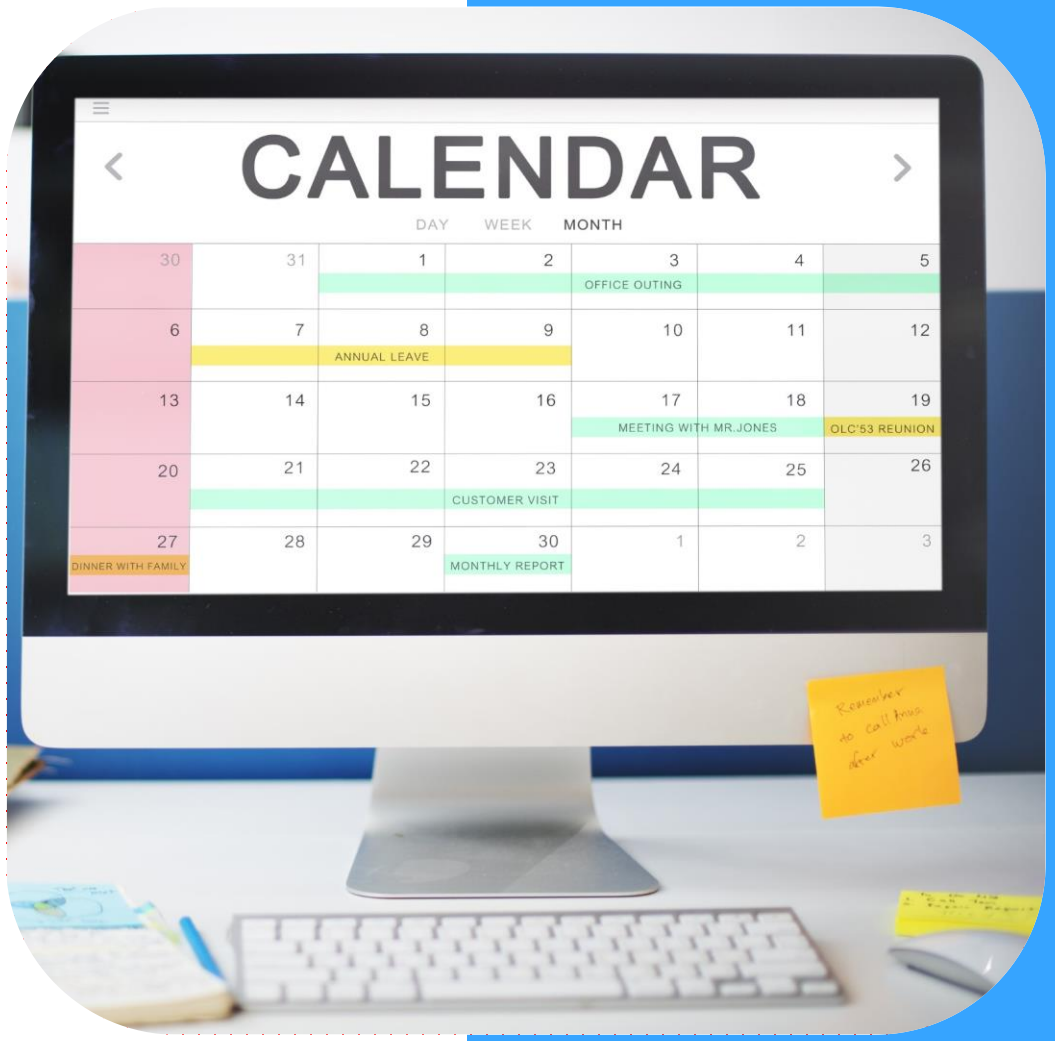
A content library is like a bank of content assets owned by a company that is placed in a central, internal portal that allows other departments within a company to access the content.

Creating your content library

- Create different tabs for types of content
- Under each tab you want to list;
- Platform
- Content type
- Copy
- Link
- Visuals
- Target audience



Content calendar

Completing your content calendar


- Add your content to a calendar
- Social media management tools
- Loomly
- ContentCal
- CoSchedule
- SproutSocial
- Buffer
- Google calendar
