Success

Ask yourself…

- Do you have a social media budget?
- How much are you currently spending?
- What’s your return on investment?

Ask yourself…

- Which segment will most likely act?
- What are their demographic qualities?
- Can you create consumer personas?

Think about...

- Age group
- Gender
- Location
- Income
- Education
- Occupation

Think about...

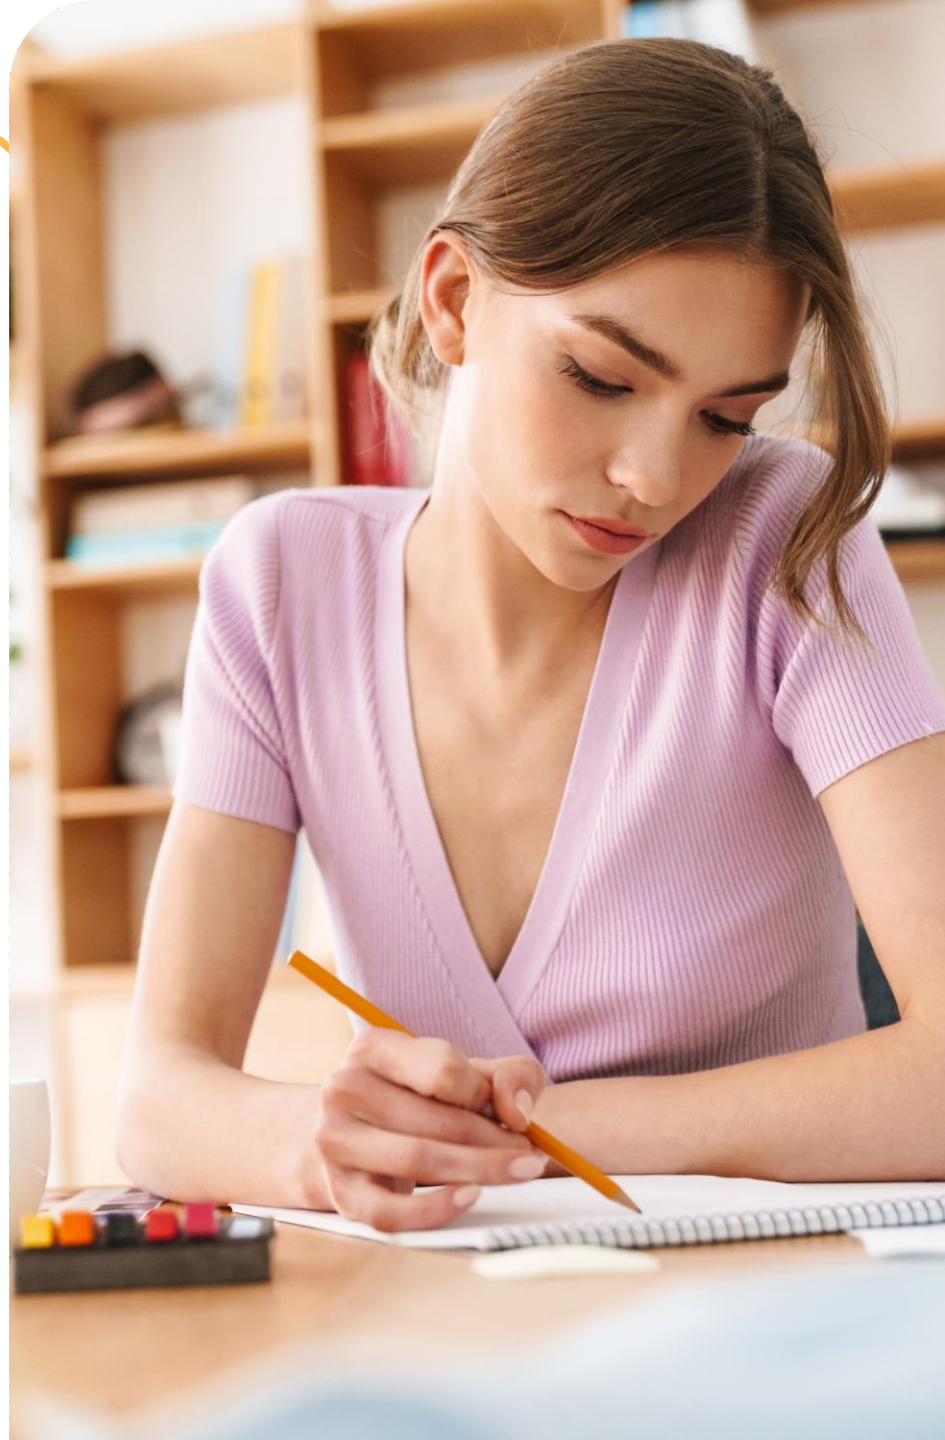
- Personality
- Attitudes
- Values
- Interests
- Lifestyles
- Behaviours

What are their needs?

Shift the focus from how *they* can help *you*, to how *you* can help *them*.

What are their challenges?

Determine *how* your product or service *solve* their *problems*.



Where are they engaging?

Identify which *channels* they're using, as well as *how* to *reach* them..

Maintain a balance.
Don’t try reaching everyone.
Stay focused.
